9. ADDITIONAL INFORMATION

Attendance: Students are required to attend and actively participate in all seminars and classes. In case of an excused absence (max. 1 during the course) students are obliged to make up missed work. In such cases students should notify the teacher as soon as possible to establish the way of covering the absence. Change of subgroups is possible only after consulting the teacher in advance.

Students are expected to come to the class on time. Being late for over 15 minutes counts as an absence. Recurring tardiness will result in additional work – an essay or short review of literature (based on the decision of the teacher, depending on the missed material).

To provide good learning environment for everyone, students are requested to turn off any electronic devices that might disturb the class.

Test: The final test takes place during the last seminar (7th week from the beginning of the course) and it consists of a case study (an analysis of a patient on a basis of short open questions) and two theoretical open questions.
