

Course title: Medical psychology part 1, II year, seminars and lectures

Organization of the course: Lectures and seminars are carried out remotely using the MT platform (4 meetings) and through Facebook social learning group (EDD Medical Psychology 2020). The Facebook group includes all teaching materials (presentations, videos, articles), tasks and assignments to be performed.

Credit: The course credit is obtained on the basis of: 1) active participation in the teleconferences (MT meetings), 2) the correct performance of assignments in each of the course topic (both from lectures and seminars).
